

## POINTERS ON THE RACES.

The Fifth Race Should Be the Feature To-Day.

Burlington Meets Some Cracks at Six Furlongs.

The racing ought to be very interesting at Burlington, providing the track does not get into the several events too deeply. If the weather is as good as it is, the racing will be very satisfactory. The track, of course, will be very fast, and the weather is not the kind to tempt racers from a warm room. The best race of the day should be the one between Burlington, Hibern, King Crab, Little Fred, and Harry and others at six furlongs. The two-year-olds ought to make a good race, and the three-year-olds ought to be in the second race, a dash of six furlongs. The other events look promising also. The entries and selections are as follows:

First Race—Five furlongs, for maidens (two-year-olds), selling allowance: four and a half furlongs. W. E. Cotton's Challenger, 100; Burlington, 100; Hibern, 100; King Crab, 100; Little Fred, 100; Harry, 100; and others, 100.

Second Race—Five furlongs, for maidens (two-year-olds), selling allowance: four and a half furlongs. W. E. Cotton's Challenger, 100; Burlington, 100; Hibern, 100; King Crab, 100; Little Fred, 100; Harry, 100; and others, 100.

Third Race—Five furlongs, for maidens (two-year-olds), selling allowance: four and a half furlongs. W. E. Cotton's Challenger, 100; Burlington, 100; Hibern, 100; King Crab, 100; Little Fred, 100; Harry, 100; and others, 100.

Fourth Race—Five furlongs, for maidens (two-year-olds), selling allowance: four and a half furlongs. W. E. Cotton's Challenger, 100; Burlington, 100; Hibern, 100; King Crab, 100; Little Fred, 100; Harry, 100; and others, 100.

Fifth Race—Five furlongs, for maidens (two-year-olds), selling allowance: four and a half furlongs. W. E. Cotton's Challenger, 100; Burlington, 100; Hibern, 100; King Crab, 100; Little Fred, 100; Harry, 100; and others, 100.

Sixth Race—Five furlongs, for maidens (two-year-olds), selling allowance: four and a half furlongs. W. E. Cotton's Challenger, 100; Burlington, 100; Hibern, 100; King Crab, 100; Little Fred, 100; Harry, 100; and others, 100.

Seventh Race—Five furlongs, for maidens (two-year-olds), selling allowance: four and a half furlongs. W. E. Cotton's Challenger, 100; Burlington, 100; Hibern, 100; King Crab, 100; Little Fred, 100; Harry, 100; and others, 100.

Eighth Race—Five furlongs, for maidens (two-year-olds), selling allowance: four and a half furlongs. W. E. Cotton's Challenger, 100; Burlington, 100; Hibern, 100; King Crab, 100; Little Fred, 100; Harry, 100; and others, 100.

Ninth Race—Five furlongs, for maidens (two-year-olds), selling allowance: four and a half furlongs. W. E. Cotton's Challenger, 100; Burlington, 100; Hibern, 100; King Crab, 100; Little Fred, 100; Harry, 100; and others, 100.

Tenth Race—Five furlongs, for maidens (two-year-olds), selling allowance: four and a half furlongs. W. E. Cotton's Challenger, 100; Burlington, 100; Hibern, 100; King Crab, 100; Little Fred, 100; Harry, 100; and others, 100.

## IN BROOKLYN PLAY-HOUSES.

Mme. Modjeska in "Henry VIII." at the Park.

"Dr. Bill" at the Grand Opera House—Other Attractions.

That sterling actress, Mme. Modjeska, began a week's engagement last night at the Park Theatre in Brooklyn, opening with Shakespeare's historical tragedy, "Henry VIII." Modjeska as Katherine, wife of King Henry, was the queen of the imagination, and her portrayal of the character had the almost stately grace of a statue. The play was very handsomely mounted, and the supporting company better than last year. One winner was King Henry: John A. Lane, Cardinal Wolsey: Beaumont Smith, Duke of Buckingham: and Mrs. Beaumont Smith, Anne Boleyn. Tomorrow Modjeska will appear in "Mary Stuart."

GRAND OPERA HOUSE. Nellie Yale Nelson, who was formerly one of Brooklyn's leading actresses, has given a week's engagement at the Grand Opera House last night, where she appeared in the language comedy, "Dr. Bill." The play is a very successful one, and the supporting company is excellent. The play is a very successful one, and the supporting company is excellent.

## GAS BATTLE IN BROOKLYN.

Local Financiers Expect the War to Begin in January.

Lower Prices Possible, but a Big Combine More Probable.

There is a gas war brewing in Brooklyn that local financiers think will either result in competition that will lower prices to consumers, or else force the companies to form a big combine.

The key to the situation is in the hands of the Metropolitan, President of the Fulton-Municipal. His company has been discussing gas for several years to the Metropolitan, Peoples and Union companies.

These contracts expire next fall, and if they are to be continued new ones will have to be signed next January.

It is stated that the Metropolitan, and possibly the others, intends to manufacture its own gas and will sell it to the Metropolitan, Peoples and Union companies.

The Fulton-Municipal will lay its own pipes in the Metropolitan territory and the fight will commence.

The Metropolitan has a monopoly on Park side and charges \$1.25 per 1,000 cubic feet. If the expected competition takes place consumers are drawing of gas at \$1.25 per 1,000 cubic feet.

## 5 DOLLARS.

To All Patients and for All Diseases.

Dr. Copeland Announces a Rate of \$5.00 a Month for All Diseases and Gives His Reasons for Doing So.

In announcing a uniform rate of \$5.00 a month to all patients and for all diseases, Dr. Copeland and Gardner desire that two things be made very clear.

First—THAT THE OBJECT OF THE CHALLENGE IS NOT TO DECEIT PATIENTS TO THEIR OFFICES AND ON ONE PRETEXT OR ANOTHER, EXTRACT MORE MONEY FROM THEM.

Second—THAT THE CAUSE OF THE \$5 RATE DOES NOT LIE IN THE NECESSITY OF SUPPORTING A DEPENDABLE BUSINESS, BUT THAT IT IS MADE FOR THE SIMPLE PURPOSE OF DEMONSTRATING AT ONCE TO ALL WHO ARE INTERESTED IN THE PROGRESS OF THE COPELAND PHYSICIANS.

The \$5 rate is not made for Catarrh alone, with the hope of deceiving patients to their offices, but for all diseases, and the offices in which they are located are not the only ones in which they are located.

The \$5 rate is to all patients and for all diseases, and the offices in which they are located are not the only ones in which they are located.

## SEVERE METHODS OF LOCAL TREATMENT FOR CATARRH AND CATARRHAL DEAFNESS.

AS PRACTICED BY SOME ALLEGED SPECIALISTS, ARE MORE TO BE DREADED THAN CATARRH ITSELF.

A CASE COMES UNDER OUR OBSERVATION IN WHICH THE PATIENT WAS RENDERED TOTALLY AND HOPELESSLY DEAF, HIS EAR-DRUM BEING RUPTURED BY THESE CLUMSY OPERATORS.

THOSE FACTS.

TO THE DOCTOR THAT ISSUED THAT \$5.00 CHALLENGE: I am exceedingly careful in dealing with such cases, and I am not at all easily deceived.

## CATARRH OF THE STOMACH.

Poor Appetite with Violent Pains and Nausea After Eating—A Case That is of Interest to Every One Who Suffers from Indigestion—Terrible Suffering Night and Day.

Do you eat well? If so, you enjoy one of the greatest blessings of life. But how many people are there who never know what it is to enjoy a meal? The more the taste is pandered to the less the appetite manifests itself. Instead, perhaps there is a decided revulsion, and the food that one must eat to keep the body alive is forced into an unwilling stomach, only to cause intense pain and nausea.

No one who has suffered from catarrh of the stomach can understand the terrible condition to which this disease brings its victims.

Here, for instance, is the case of Mr. Joseph Egan, a watchman in the Metropolitan Museum of Art, Central Park, and who resides at 324 East 84th Street, discussing the matter Mr. Egan said:

"I HAD CATARRH OF THE STOMACH IN ITS MOST SEVERE FORM FOR SIXTEEN YEARS. In the last few years my sufferings were terrible. I had a terrible gnawing in my stomach, which food did not satisfy."

"I had the water brash and frequent heartburn. My heart would take spells of fluttering and I would feel a sensation of faintness, as though death were near at hand."

"For seventeen days before visiting the physicians of the Copeland Medical Institute my head ached incessantly and I was nearly crazy. If I would sleep over I would grow dizzy, and upon arising suddenly I would feel like a drunken man."

"Since being treated by Drs. Copeland and Gardner I feel like a new man. I have not had a headache since. I have gained in weight, strength, and I sleep well and sleep well. I have not had a headache since. I have gained in weight, strength, and I sleep well and sleep well."

"To make a long story short, I feel splendid and glad to be alive. I feel like a new man, and cannot say enough in praise of Drs. Copeland and Gardner. They have given me strength and vigor and a renewed interest in life."

"I lost in flesh and strength, my sleep was restless and unrefreshing. I was nervous and depressed when I went to Drs. Copeland and Gardner. To-day I feel better than I have in many years. All the painful and annoying symptoms of my trouble are relieved and I feel like a new man, and cannot say enough in praise of Drs. Copeland and Gardner. They have given me strength and vigor and a renewed interest in life."

Many People Suffer from Catarrh of the Stomach—They Think It is Dyspepsia and Are Treated for That Stubborn Complaint—What Should Be Done.

Probably the most painful and disagreeable form of catarrh is what is known as catarrh of the stomach. In this nearly all the symptoms of throat catarrh are present, and in addition the stomach is inflamed and irritated until it becomes raw and sore.

Many suffering from Catarrh of the Stomach are treated for this very common but stubborn complaint. That they are not cured is due to the fact that the source of the trouble is not attacked. I have successfully treated Catarrh of the Stomach, the sufferer would soon be rid of the painful symptoms and be restored to health.

The case of Mr. Louis Seiler, 106 Diamond Street, Greenpoint, very aptly illustrates this, and it may be considered as an example of the remarkable success of Drs. Copeland and Gardner in treating catarrh of the stomach. Mr. Seiler said:

"I have suffered for years with a mild case of catarrh of the stomach. I have not been able to eat or sleep. Everything I eat disagrees with me, causing me a heavy full feeling in the stomach as if it contained a lump of lead. I have been treated by several physicians, but have not been cured. I feel like a new man, and cannot say enough in praise of Drs. Copeland and Gardner. They have given me strength and vigor and a renewed interest in life."
